CLEANERS

EGR & Carb Cleaner

FOR DIESEL AND PETROL ENGINES

IMPROVES ENGINE PERFORMANCE

What Does It Do?

- Quickly removes dirt, grease, varnish, carbon and gum deposits
- Use on EGR and Carburettor systems to help restore engine performance, improve MPG and reduce emissions

How Does It Work?

The careful blend of powerful solvents dissolve and clean away performance robbing deposits like gum and soot.

How Do I Use It?

Spray directly onto the part and agitate with a brush as necessary.

Applications			
• EGR Valves	✓	• Throttle Linkages	✓
• Carburettors	✓	• Air Intake Systems	✓
• Chokes	✓	• Air Flow Sensors	✓
• PCV Valves	✓		

Electrical Contact Cleaner

CLEANS AND PROTECTS

REMOVES OIL, GREASE AND DIRT

What Does It Do?

- Removes dirt, dust, grease and oil
- Cleans delicate electronics and electrical components

How Does It Work?

The powerful solvent quickly dissolves grease and dirt to restore the electrical contact. The fast drying formula reduces job time.

How Do I Use It?

Spray directly onto greasy and dirty components, leave a few seconds to dry and re-attach.

Cleans			
• Circuit Boards	✓	• Relays	✓
• Components	✓	• Switches	✓
• Contacts	✓		

Engine & Parts Degreaser

SPRAY ON > RINSE OFF

POWERFUL CLEANER FOR METAL AND PLASTIC

What Does It Do?

- Quickly removes oil, grease, tar and dirt
- For use on metal, plastic and many other surfaces

How Does It Work?

The new formula contains a powerful blend of solvents and multifunctional surfactants that attach to dirt and grease immediately on contact.

How Do I Use It?

Spray liberally onto the dirty area. Use a soft bristle brush to work into particularly thick grease and dirt. Rinse with water and allow to dry.

Suitable For			
• Engines	✓	• Equipment	✓
• Parts	✓	• Bicycles	✓
• Tools	✓	• Boats	✓
• Gearboxes	✓	• Paint Brushes	✓
• Machinery	✓	• Painted Workshop Floors*	✓

*Avoid contact with tarmac/asphalt flooring.

CLEANERS

Brake & Parts Cleaner 600ml

PREMIUM QUALITY 100% PURE SOLVENT FORMULA

POWERFUL CLEANER

What Does It Do?

- Cleans and rapidly degreases brakes, clutches and all metal parts or surfaces - removes brake dust, pad residue, grease, dirt and oily deposits

How Does It Work?

The powerful jet of solvent based formula dissolves oils and greases and blasts off brake dust and dirt in seconds. Safe for ABS systems - does not contain chlorinated solvents or acetone.

How Do I Use It?

Spray liberally onto greasy or dirty surfaces. To remove built up grime and grease wipe off with absorbent cloth or paper.

Applications			
• Brakes	✓	• Clutches	✓
• Calipers	✓	• Metal Parts	✓
• Drums	✓	• Wheel Cylinders	✓
• Springs	✓	• Plates	✓

Product Code: **52460600131**
 Size: 600ml
 Barcode: 3256640018821
 ITF: 53256640018826
 Case Size: 12

Brake & Parts Cleaner 5L

PREMIUM QUALITY 100% PURE SOLVENT FORMULA

POWERFUL CLEANER

What Does It Do?

- Cleans and rapidly degreases brakes, clutches and all metal parts or surfaces - removes brake dust, pad residue, grease, dirt and oily deposits

How Does It Work?

The powerful solvent based formula immediately dissolves oils, greases and removes brake dust and dirt in seconds. Safe for ABS systems - does not contain chlorinated solvents or acetone.

How Do I Use It?

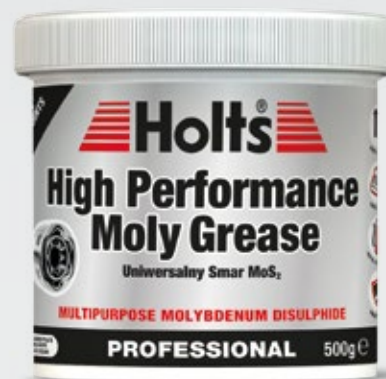

Decant into an appropriate container and work into dirty parts with a brush or use a suitable pump sprayer. To remove built up grime and grease wipe off with absorbent cloth or paper.

Applications			
• Brakes	✓	• Clutches	✓
• Calipers	✓	• Metal Parts	✓
• Drums	✓	• Wheel Cylinders	✓
• Springs	✓	• Plates	✓

Product Code: **HMAI0201A**
 Size: 5L
 Barcode: 5010218003316
 ITF: 15010218003313
 Case Size: 2

GREASES

Blue Grease

EXCELLENT LUBRICATION PERFORMANCE

MULTIPURPOSE LITHIUM COMPLEX

What Does It Do?

- Premium quality blue lithium complex grease provides lasting lubrication over a wide operating temperature range

How Does It Work?

Contains extreme pressure, oxidation and anti-wear additives to lubricate the surfaces while offering excellent corrosion resistance, particularly for components operating in wet conditions. NLGI Viscosity Grade 2.

How Do I Use It?

Apply to components manually, with a clean spatula or sparingly by brush. Can also be used with a standard grease gun.

Applications			
• Automotive	✓	• Chassis	✓
• Industrial	✓	• Water Pumps	✓
• Marine	✓	• Universal Joints	✓
• Agricultural	✓	• Hubs	✓
• Bearings	✓	• General Greasing	✓

Product Code: **HMTN1301A**
 Size: 500g
 Barcode: 5010218507029
 ITF: 15010218507026
 Case Size: 12

Copper Grease

EASES ASSEMBLY AND DISMANTLING

MULTIPURPOSE ASSEMBLY COMPOUND

What Does It Do?

- Premium quality anti-seize copper grease prevents seizure and galling during assembly, therefore reduces assembly time

How Does It Work?

Enables fast and easy dismantling of components (anti-seize) even after high in-use temperature conditions. Protects parts subjected to high temperatures and/or corrosive environments, including chemical and water. Can also help to prevent disc brake squeal if applied to back of brake pads. NLGI Viscosity Grade 2.

How Do I Use It?

Apply to components manually, with a clean spatula or sparingly by brush.

Applications			
• Brake Pad Guides	✓	• Hinges & Screws	✓
• Brake Calipers	✓	• Nuts & Bolts	✓
• Exhaust Systems	✓	• Pipes & Valves	✓
• Flanges & Gaskets	✓	• Threaded Connections	✓
• Spark Plugs	✓	• Catalytic Converter Bolts	✓
• Steering & Suspension	✓	• General Greasing	✓

Product Code: **HMTN1401A**
 Size: 500g
 Barcode: 5010218507036
 ITF: 15010218507033
 Case Size: 12

High Performance Moly Grease

SUITABLE FOR CV JOINTS

MULTIPURPOSE MOLYBDENUM DISULPHIDE

What Does It Do?

- Premium quality high performance molybdenum disulphide grease protects parts against corrosion, load & shock loading

How Does It Work?

Excellent extreme pressure (7,000kg/cm² or 100,000psi) and anti-wear performance with the extra effectiveness of Molybdenum Disulphide. Very low coefficient of friction (0.04). Particularly suited for use in CV Joints, Universal Joints and Wheel Bearings.

How Do I Use It?

Apply to components manually, with a clean spatula or sparingly by brush. Can also be used with a standard grease gun.

Applications			
• Automotive	✓	• Universal Joints	✓
• Industrial	✓	• Wheel Bearings	✓
• Marine	✓	• Chassis	✓
• Agricultural	✓	• Suspension	✓
• CV Joints	✓	• General Greasing	✓

Product Code: **HMTN1501A**
 Size: 500g
 Barcode: 5010218507043
 ITF: 15010218507040
 Case Size: 12

GREASES

REPAIR

Spray Grease

SPRAYS WHITE > THEN CLEARS
MULTIPURPOSE

What Does It Do?

- Lubricates metal and all other moving parts, reducing friction and preventing them from binding
- The grease formula protects against rust and corrosion

How Does It Work?

The powerful direct spray gets into those hard to reach places, whilst the high cling formula means there are no unsightly drips. The lightweight carrier solvent evaporates quickly to leave a high quality light colour grease.

How Do I Use It?

Shake can well and spray onto any parts requiring lubrication.

Applications			
• Metal Parts	✓	• Hinges	✓
• Chains	✓	• Catches	✓
• Linkages	✓	• Locks	✓

Product Code: **HMAI0101A**

Size: 500ml

Barcode: 5010218001848

ITF: 15010218001845

Case Size: 12

Exhaust Assembly Paste

EASY ASSEMBLY
GAS TIGHT SEAL

What Does It Do?

- Aids in the assembly of exhaust components
- Provides a gas tight seal around flanges and gaskets
- Resists very high temperatures

How Does It Work?

The unique paste formula can be compressed between exhaust components acting as a gasket. Heat created by running the engine hardens the formula and forms a gas tight seal between the joints.

How Do I Use It?

Apply liberally to both exhaust components being assembled. Once assembled, run the engine to harden the paste.

Applications			
• Exhaust Components	✓	• End Plate Leaks	✓
• Flanges	✓	• Small Holes	✓
• Gaskets	✓		

Product Code: **HMTN0901A**

Size: 300ml

Barcode: 5010218506985

ITF: 15010218506982

Case Size: 6

SEALS MOST LEAKS IN ENGINES AND RADIATORS
HEAD GASKETS | CYLINDER HEADS
ENGINE BLOCK

Holts SEALit

PERMANENT
COOLANT LEAK REPAIR

What Does It Do?

- Seals most leaks in engines and radiators
- Mixes with all coolant/antifreeze

How Does It Work?

Developed following rigorous laboratory testing, SEALit's advanced formulation contains a special blend of microfibers and polymers. The non-silicate formula will not form damaging gel or sludge.

Once dispersed into the existing antifreeze coolant, SEALit permeates throughout the coolant system and forms an enduring seal in unwanted cracks and holes.

How Do I Use It?

Easy Pour and Go Formula, just add to the expansion tank, the unique formula mixes with all coolant/antifreeze without the need to drain or flush the cooling system. Also helps prevent future leaks and proven to reduce corrosion.

Permanently Seals Most Leaks in			
• Engine Blocks	✓	• Freeze Plugs	✓
• Cylinder Heads	✓	• Radiators	✓
• Head Gaskets	✓	• Hoses	✓

Product Code: **HREP0101A**

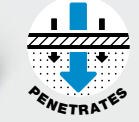

Size: 250ml

Barcode: 5010218506671

ITF: 15010218506678

Case Size: 6

LUBRICANTS

Release Spray

LOOSENS SEIZED PARTS

MULTIPURPOSE PENETRATING LUBRICANT

What Does It Do?

- Penetrates and releases stuck, frozen or rusted nuts, bolts and other parts
- Lubricates and protects against future rusting and seizure

How Does It Work?

The formula has an ultra low surface tension which creeps into micro fissures in the rust and between seized parts. Water dispersants in the formula help drive out moisture and replace it with a protective shield.

How Do I Use It?

Spray onto any rusted or seized parts and leave to act for a few minutes.

Applications			
• Nuts	✓	• Tools	✓
• Bolts	✓	• Locks	✓
• Parts	✓	• Chains	✓
• Fittings	✓	• Pipes	✓

Product Code: **HMTN0401A**
 Size: 500ml
 Barcode: 5010218003354
 ITF: 15010218003351
 Case Size: 6

Silicone Spray

LUBRICATES AND PROTECTS

FOR RUBBER, PLASTIC AND METAL

What Does It Do?

- Lubricates, protects and waterproofs rubber, nylon, plastic, metal and wood

How Does It Work?

The low odour solvent carries two silicone polymers to help penetrate and protect. The new formula contains a matting agent to reduce glare and return rubbers to a 'new look'.

How Do I Use It?

Spray directly onto the surface needing lubrication and protection.

Applications			
• Door Rubbers	✓	• Seat Rails	✓
• Lubricating Locks	✓	• Patio Doors	✓
• Window Seals	✓	• Drawers/Runners	✓
• Sunroof Seals	✓	• Hinges	✓
• Sunroof Rails	✓	• Tools	✓

Product Code: **HMTN0301A**
 Size: 500ml
 Barcode: 5010218003347
 ITF: 15010218003344
 Case Size: 6

Maintenance Spray

WATER DISPERSANT

MULTIPURPOSE 1000'S OF USES

What Does It Do?

- **Cleans** - Removes, dirt, grime, grease and adhesive marks
- **Penetrates** - Loosens rusted parts
- **Lubricates** - Stops squeaks and lubricates locks, tools and hinges
- **Protects** - Provides a lightweight barrier against corrosion

How Does It Work?

Solvents dissolve grease and dirt. The lightweight formula creeps between rusted and seized parts. Oils help stop squeaks and stuck parts. Water dispersants drive out moisture and replace it with a protective shield.

How Do I Use It?

Simply spray onto surfaces.

The Holts Professional range is a result of rigorous laboratory research and extensive real-world testing. The products are tailored specifically to meet the demands of professional vehicle workshops.

All products in the range are colour-coded and feature straightforward benefit icons, images and application tables to ensure the right product for each task can be rapidly identified and selected.

Where appropriate, all aerosols in the Professional range include a 360° valve, ensuring that products can be used at any angle, even upside down.

In addition all Professional 500g grease tubs include a protective plastic disc / follower plate inside to keep the grease clean.

The Holts Professional range has been developed to make professional motor mechanics' jobs quicker and easier - the products also deliver exceptional performance at competitive prices.

“Holts Professional products get the job done first time!”
